NOMINATIONS FOR MEMBERSHIP

The following three-hundred-forty-seven applications are printed under the rules adopted by the Council in May.. Under these rules, any candidate or nominee against whom no negative vote is received from a member of the Council within thirty days of publication is deemed to have been approved by the Council. As the Annual Meeting comes within that limit, the Council will presumably make recommendations for election at that time both on the present list and perhaps also on subsequent nominations received before the meeting. Objection to any nominee may be addressed to the Secretary by any member. The names of the nominators follow the name of each candidate, in parenthesis. Nominators for whom no institution is specified are colleagues of the nominee.

As this and previous lists will form the basis for the revised List of Members in a future Bulletin it is requested that any inaccuracies be promptly reported to H. W. Tyler, Secretary, Mass. Inst. Tech., Cambridge, Mass.

The Secretary anticipates that nominees for membership will be given the privileges of the December meeting.
